## NOVEMBER 2008

### BLACKADDIE HOUSE HOTEL

### We've Moved!

We've been saying for such a long time now that we're going to change things around – well at last we've done it!

New chairs, new tables – new room. The restaurant has moved to the lounge and the lounge is now the library and it looks good! Come and see for yourselves and tell us what you think.

We still have the conservatory, which will be used for bar suppers and private dining. The breakfast room remains as it is and will also be used for small functions, conferences etc.

1st November to 2008 to 28th February 2008  
(excluding 20th December to 4th January and  
14th February)

Willie worked his magic again in the gardens this year and they looked absolutely wonderful. Pots of brightly coloured plants lined the drive and were dotted around the gardens giving a wonderful splash of colour everywhere one turned.

### The Library as it is now

Small but cosy it has a nice comfortable and warm feel to it and makes a nice extension to the bar. The move around really has transformed the hotel, even more than we had hoped it would and definitely for the better.

## CHRISTMAS & NEW YEAR

### Celebrate in style

We had a great Christmas and New Year last year, our first. This year I'm sure it will be as good if not better!

We've kept the prices as low as we can again; last year was very good value and this year it will be too.

From only £350 per person for Christmas and £395 per person for New Year, for a three night package with all meals included, If this is too long for you give us a call and we'll work something out to suit.

This year we have a piper for both ends of the evening too! Don't leave it too late to book, as we'd hate to have to turn you away!

## COOKERY SCHOOL

We are planning to run a cookery school, it is something we have always done in the past and they have always proved immensely successful and we are sure they will be here too.

The first one will probably be held in February, demonstrations only as there is not enough space for everyone to cook along. We will provide a booklet of recipes to take away but more importantly you will get to eat what is prepared! So diet before you come!

Watch the web site for further details, call to put your name down.

Fishing this year has not been so busy as last year and while people have caught there does not seem to have been so many fisherman or fish for that matter. Hardly surprising really when you look at the weather! There was however a rumour recently of a 40lbber having been caught! The river has been little more than a babbling brook at times and other times a raging torrent!

The colours in Scotland at this time of year are stunning.
